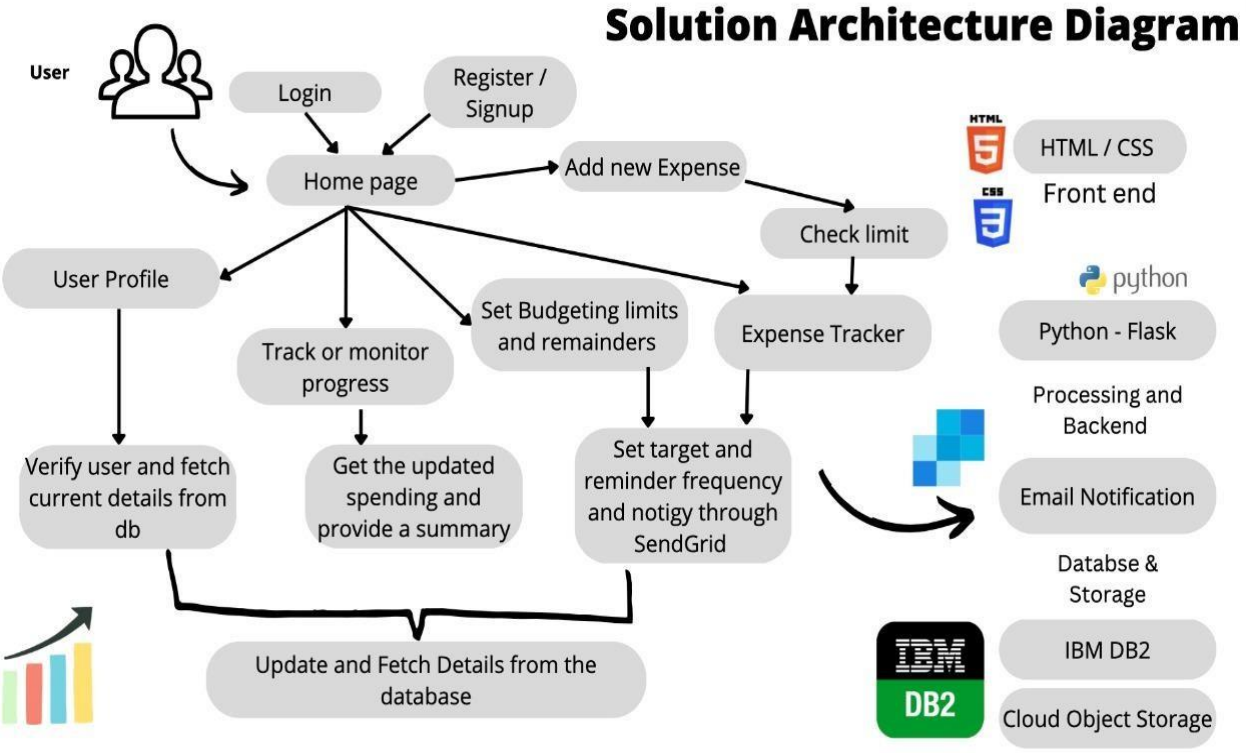
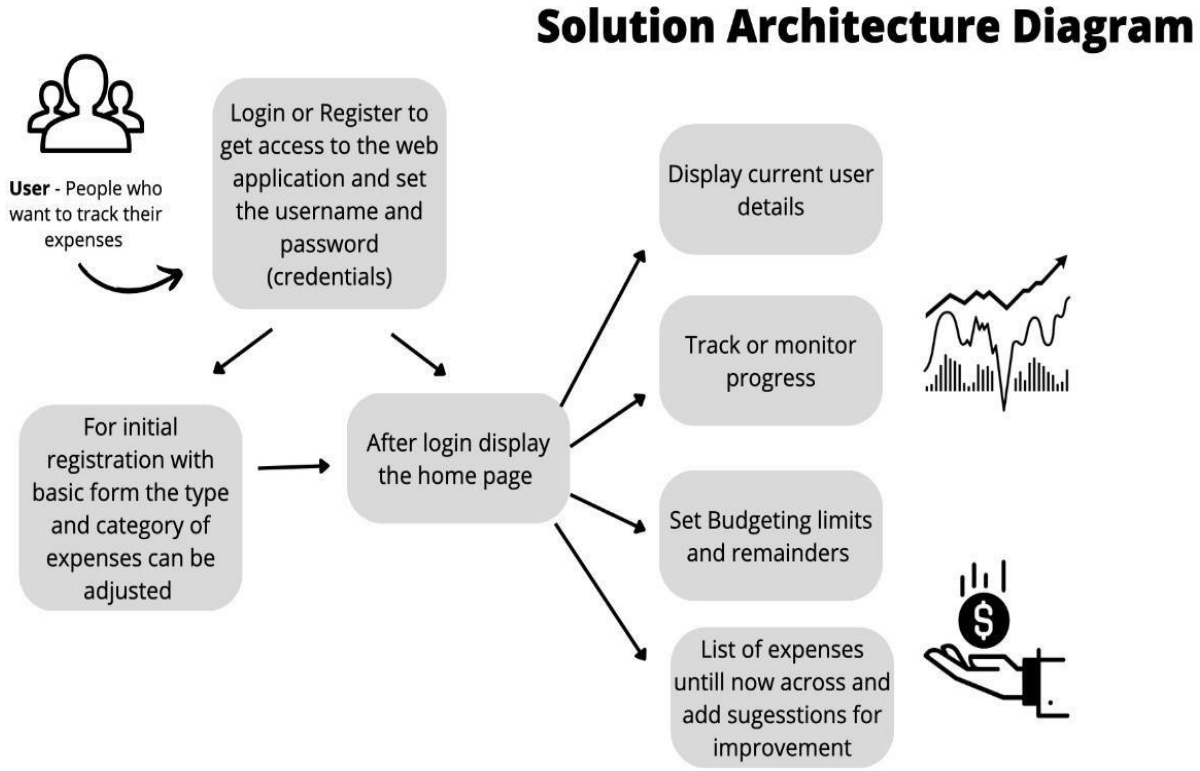
Project Design Phase-I
Solution Architecture

Date	29 September 2022
Team ID	PNT2022TMID53316
Project Name	Personal Expense Tracker Application
Maximum Marks	4 Marks



User can login if he/she already have an account else need to create an account by signing in . Homepage contains information about expenses and profile of the user . so based upon the user expense application will set a limit of the amount to be used in a month.



Folks who need to keep track on their expense can use this app by registering and keep monitor on their progress . Which will be helpful to shallow their spending.
